As a super admin
Website view not showing

 Auction
 1 'how will I know who is bidding
2 If I put thr auction for 1 day still show 50 mins fixed
3 Place bid should be next to the pic and down need help
4 Engine Liter should add 3.6
    6.2 ,6.7 .6.9
5 Bidding amount still showing for unregistered
6- start date time not there
7-timer is not working

Customer panel
1-Bidding page not working
2 -Creat account not working for customer

From admin Dashboard not working if I try to added

3 Creat account by Google or Apple not working

All customer panel need to be checked

Inspection

1-Inspection link in website still showing as host gater sign

2-Discamlar still not added

3-In Exterior condition (convertible,blind Spot. Side steps) should be moved to spesc section and (wheel type ,rims size)should be moved to Tiers section, only damage assisted should be there .

4In damage assessment should add (foild wranp,full ppl and just)

5 -Baisc vehicles information should add Trim section after model and keep (manual)
